

# **Space Family Education, Inc.**

## **General Membership Meeting**

**Thursday - June 15<sup>th</sup>, 2006**

**11:30 AM to 1:00 PM**

**Building 111 Conference Room**

**The state of the corporation and the childcare facility will be discussed.**

**NOTE:** The Board of Directors election will be held on-line between June 8 and 22. At least 20% (~TBD) of the membership votes are needed to constitute a quorum for the election. Please vote. Members can vote for their favorite candidates or by proxy (only one vote per family/membership).

### **Nominations for the Board of Directors**

The following members are nominated for a position on the Board of Directors of SFEI:

#### **Debbie Berdich**

Debbie works at NASA as a project manager in the Biomedical Systems Division and has over 10 years of experience in project management. Debbie has one daughter, currently in Room 5, who has been at the JSC Childcare Center since 2003. Debbie has served as a Room Captain for the past two years, and has donated time to various Childcare Center activities, such as the budget committee and, most recently, the standard operating procedure committee. Debbie regularly attends board meetings and provides notes to the parents in Room 5. She plans to continue her involvement in the Childcare Center activities as needed.

#### **Tammy Gafka**

Tammy has been an SFEI member since 2002 and currently has 2 children enrolled at the JSC Childcare Center, since they were infants. Tammy has been an involved parent helping with and leading various room activities over the years. Tammy is a structural engineer at NASA since 1989, holding positions of progressive leadership over the course of her career. She has excellent project management skills and can rationally, and objectively examine situations and work to correct problems without over-reacting or acting on emotion. She believes that the Childcare Center provides an important service to working parents in the NASA community. By taking a position on the board, she would strive to maintain and improve that service working on the fundamental principle that the physical and mental health of the children is the top priority. Her contribution to the Board would be a fair and impartial consideration of issues, always mindful of her responsibility to represent the diversity of the SFEI membership.
